Professional Summary

My name is Iurii Basov. I am actively considering opportunities for Data Architect and Tech Lead roles, and I am open to Full-Stack Software Engineer tracks in product organizations. I have 10+ years in IT: I started as a Java/Scala developer, moved into ML and platform engineering, and later progressed to leadership in ML platform initiatives at Sberbank. I work as a playing coach and full-stack data specialist, combining hands-on delivery with mentoring and business-focused execution.

Core Technology Stack (Matched to Vacancy)

- Full-Stack Development (Backend Services + Frontend Applications)
- Java / Kotlin / C# / Go (modern backend language exposure)
- React / Angular / Vue (modern frontend framework exposure)
- Relational Databases and Data Modeling
- SQL Query Writing and Tuning
- Cloud Platforms: AWS / Azure / GCP
- Docker and Kubernetes
- Git and Code Review Workflows
- Testing Strategy: Unit / Integration / End-to-End
- CI/CD Pipelines (including TeamCity-like workflows)
- Observability: Logging, Metrics, Tracing
- Distributed Systems Debugging and Incident Response
- DevOps and Automated Release Practices
- Agile Delivery and Pragmatic Solution Design
- AI-Assisted Development Tools (coding agents, code generation, refactoring)
- Secure, Reliable, and Performant Software Delivery

Relevant Experience

- Lead Software Engineer / ML Platform Lead — Sberbank (Apr 2020 - Mar 2025)
 - Led platform initiatives with strong focus on reliability, performance, and secure operations in production.

- Coordinated cross-functional engineering delivery, mentored developers, and improved development lifecycle quality.
- Software Developer / Lead MLOps & Data Engineer — Multi-domain Projects (Apr 2013 - Aug 2025)
 - Designed and delivered backend and data-heavy solutions across banking, logistics, and e-commerce domains.
 - Built scalable, observable services and supported production triage, debugging, and continuous improvements.

Working Style

- Playing coach: hands-on implementation plus team enablement and technical mentoring.
- Strong communicator who translates ambiguous product goals into pragmatic technical designs.
- Values team atmosphere, integrity, and continuous improvement culture.

Education

Moscow State University — MS, Calculus Mathematics (2001 - 2006)
