

Iurii Basov

Target Role: Backend Software Engineer (Java)

Location: Open for relocation | WhatsApp: +84822510931 | Telegram: @novator_24 | Email: basov.yo@gmail.com | LinkedIn: linkedin.com/in/basovi

Professional Summary

My name is Iurii Basov. I am actively considering opportunities for Data Architect and Tech Lead roles, and I am open to Senior Java Backend positions in product environments. I have 10+ years in IT: I started as a Java/Scala developer, moved into ML and platform engineering, and progressed to leadership of ML platform initiatives in enterprise settings. I work as a playing coach and full-stack data specialist, combining hands-on technical execution with team mentoring and business-oriented delivery.

Core Technology Stack (Matched to Vacancy)

- Java 17/21
- Backend Development
- Microservices Architecture
- Mobile APIs
- TDD (Test-Driven Development)
- DDD (Domain-Driven Design)
- CI/CD
- GCP
- Kubernetes
- PostgreSQL
- Redis
- Flyway
- jOOQ
- Spock
- Grafana
- Prometheus
- New Relic
- Risk Management Systems
- Fraud Detection Systems
- Payment Processing
- Kotlin (nice to have)
- Scala (nice to have)

- Finance Domain Experience

Relevant Experience

- Lead Software Engineer / ML Platform Lead — Sberbank (Apr 2020 - Mar 2025)
 - Led platform engineering initiatives with focus on reliability, scalability, and delivery in data-intensive and risk-sensitive systems.
 - Coordinated engineering execution across teams, mentored developers, and improved production readiness.
- Software Developer / Lead MLOps & Data Engineer — Multi-domain Projects (Apr 2013 - Aug 2025)
 - Built and operated backend and data platforms for banking, logistics, and e-commerce products under production load.
 - Improved system latency, throughput, and operational stability while integrating ML and analytics services into business workflows.

Working Style

- Playing coach: hands-on delivery, code quality ownership, mentoring, and execution discipline.
- Strong in translating business requirements into pragmatic technical architecture.
- Comfortable in fast-paced product teams with high standards for reliability and speed.

Education

Moscow State University — MS, Calculus Mathematics (2001 - 2006)
